DAVE DUDLEY

SIX DAYS ON THE ROAD

& Other Truck Drivin' Classics

Dave Dudley is described as the "Father of Truck Driving Songs" and the "High Priest of Diesel Country". His recording of "Six Days on the Road" remains one of the landmarks of Country Music. With this recording he founded a new genre of country music; a variation of honky tonk and rock-inflected country that concentrated lyrically on the lifestyles of truck drivers. Dudley had a string of Top 15 singles that ran through the '60s, while he continued to have Top 40 hits well into the '70s establishing himself as one of the most popular singers of his era.

Dave Dudley has played baseball, had many of his own radio shows and has formed 3 bands over the period from 1950 until present. *The Dave Dudley Trio* lasted for seven years, followed by a group called *The Country Gentlemen*, and then *The Roadrunners* in 1964. He has also played the *Grand Ole Opry*.

His hits started in the early '60s with "Maybe I Do" (top 30), and "Under Cover of the Night" (top 20) followed by "Six Days On The Road", which became a massive success, peaking at #2 on the country charts, making the pop top 40 and turning Dave Dudley into a star.

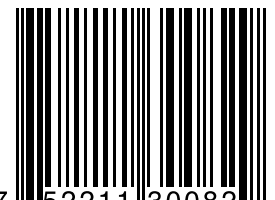

A string of releases followed including: "Last Day in the Mines", "Truck Drivin' Son-Of-A-Gun", "Trucker's Prayer", "Anything Leaving Town Today", "There Ain't No Easy Run" (top 10), and "Two Six Packs Away". His top 10 hit "Mad" stayed on the chart for over 4 months.

Successes flowed during the 60's with further hits, "Lonelyville", "Long Time Gone", "My Kind Of Love", (all top 15), "Truckers Prayer" (top 25), "I Keep Coming Back for More" (top 15), "Please Let Me prove (My Love for You)" (top 10), "One More Mile" (top 15) and "George (and the North Woods)" (top 10).

During the early '70s, he released "Comin' Down" and "Fly Away Again". He managed to put out 3 gold records during the '70s, but by the end of the '80s, Dave was no longer a presence on the charts. His last hit single was 1980's "Roloids, Doan's Pills and Preparation H". Although Dave did not record much during the '80s & '90s he remained a popular concert draw.
